

ANTI BAC SOAP

ANTI BAC SOAP

Performance Focus

Industry-leading research and development, combined with extensive testing ensures that our ANTI BAC SOAP can be used in all washroom, kitchen and food preparation areas to ensure maximum hygiene.

Our intensive focus on performance delivers a unique product providing the following significant benefits:

- **EFFECTIVE & FAST ACTING** – Contains a blend of bactericides that ensure a fast and active soap leaves hand hygienically clean.
- **ECONOMICAL IN USE** – Economical alternative to the branded hand soaps, whilst providing the same level of protection.
- **ALOE VERA** – Contains natural Aloe Vera to ensure product is soft & gentle on the hands.
- **SAFE TO USE** – Kind and gentle to the skin, it is pH neutral eliminating the risk of skin irritation.
- **TRUSTED BY HEALTHCARE PROFESSIONALS** – Product is widely used by healthcare professionals.
- **FRAGRENCED & UNFRAGRENCED OPTIONS** – Product is supplied in Aqua blue or Lemon Yellow.
